David F. M. Wollin

Technical B2B Marketing | Product Communications | Sales Support

Walddorfhäslach, Stuttgart Region, Germany

+49 1578 5950052 | david@coppelpunked.com | linkedin.com/in/dfmwollin | doppelpunked.com

PROFESSIONAL SUMMARY

Bilingual German-English technical B2B marketing professional with a B.S. in Architectural Engineering and an M.Sc. in Civil Engineering. Combines technical expertise with a long-standing interest in architecture, design and visual communication. Since 2023, has worked in MedTech marketing, creating product communications, supporting a customer-facing product launch and coordinating trade shows. Brings additional experience in website development, technical training and hands-on experience with AI tools and workflow automation.

PROFESSIONAL EXPERIENCE

Roles from 2020 onward are part-time; some were held concurrently.

Marketing & Accounting

AMT Medica GmbH | Holzgerlingen | 2023–Present

- Developed technical product brochures, print and digital marketing assets, and customer-facing content for medical devices.
- Coordinated three Symposium I&I trade show appearances in Bremen (2024–2026), including marketing materials and collaboration with sales and external partners.
- Supported the WIRA-Flexi product launch by liaising with suppliers, creating handouts with attached product samples and demonstrating the product to exhibition visitors; customer orders followed.
- Maintained the company website using WordPress and contributed to LinkedIn content and Google Ads activities.
- Collaborated with sales teams and external partners to communicate technical product information to customers.
- Managed receivables follow-up and payment reminders, keeping outstanding balances below the internal target ceiling.

Technology Teacher

Kolping Realschule | Sindelfingen | Sep 2020–Present

- Taught CAD/CAM, Arduino, electronics and 3D printing to students in grades 7–10 through hands-on projects.
- Provided classroom IT support, organized practical technology demonstrations and led student showcases.
- Supported a student wind-turbine project that received a NaNu?! competition prize in 2021.

Accounting

DocTeam42 (ÄrzteTeam42) | Böblingen | 2021–2023

- Introduced a new payment system and resolved outstanding TRICARE insurance claims and billing queries.
- Handled accounting, receivables follow-up and insurance inquiries.

STEAM / Science Teacher & Website Development

Christian Life Academy (CLA) | Stuttgart | 2020–2023

- Built and maintained the school website from its launch alongside teaching.
- Developed hands-on science and technology lessons, making complex concepts accessible through visual and practical demonstrations.

PROFESSIONAL EXPERIENCE (CONTINUED)

Structural Engineer

IBT | Stuttgart | 2018

- Worked on structural design for a childcare facility in Renningen and supported the introduction of Revit.

BIM Coordinator

BAM Deutschland | Stuttgart | 2016–2017

- Coordinated BIM model reviews and clash detection for hospital and public-sector building projects.
- Delivered Revit and Dynamo training, onboarded colleagues and supported German-English technical communication.

Project Engineer – Estimating & BIM

ZÜBLIN, Central Technology | Stuttgart | 2013–2016

- Prepared tender estimates and BIM models; transferred data to iTWO and reviewed models using Ceapoint Desite.

SELECTED DESIGN & AUTOMATION PROJECTS

Website & visual design projects

- Created websites, logos and visual identities for clients alongside engineering and teaching work.

Personal automation prototype

- Built a personal n8n/Docker automation prototype to process offer data, export results to Google Sheets and generate notifications.
- Used OpenAI tools, Claude and NotebookLM for research, content development and teaching.

EDUCATION & PROFESSIONAL DEVELOPMENT

KI-Kompetenz (IHK) | 2025

Professional development in artificial intelligence

M.Sc. Civil Engineering, Structural Engineering | 2013

University of Stuttgart, Germany

B.S. Architectural Engineering | 2010
